CANDLE LIQUID DYES 5 ML

Create beautiful, colourful candles with this Candle Dye Colour Set featuring 36 vibrant shades, including classic colours, earthy tones, reds, pinks, blues, greens and fluorescent colours.

Ideal for DIY candle making, decorative candles, handmade gifts and creative candle projects.

How to use: Add a small amount of dye to melted candle wax and stir thoroughly until evenly dispersed. Adjust gradually to achieve your desired colour intensity. Follow the manufacturer's recommended dosage, as too much dye may affect candle burning performance.

Always test your colour and burning performance in a small batch before making candles for sale.
